

# FESC Website Layout & Style Guide

---

## Color

New FESC web site will use color based from the current FESC website theme and brand. Possible uses on navigation, buttons and other module containers.

- #00784B 
- #981C1E 
- #CEB36C 
- #263995 
- #F57722 

White and Black (10% LUM) for text

- #FFFFFF 
- #1A1A1A 

## Typography

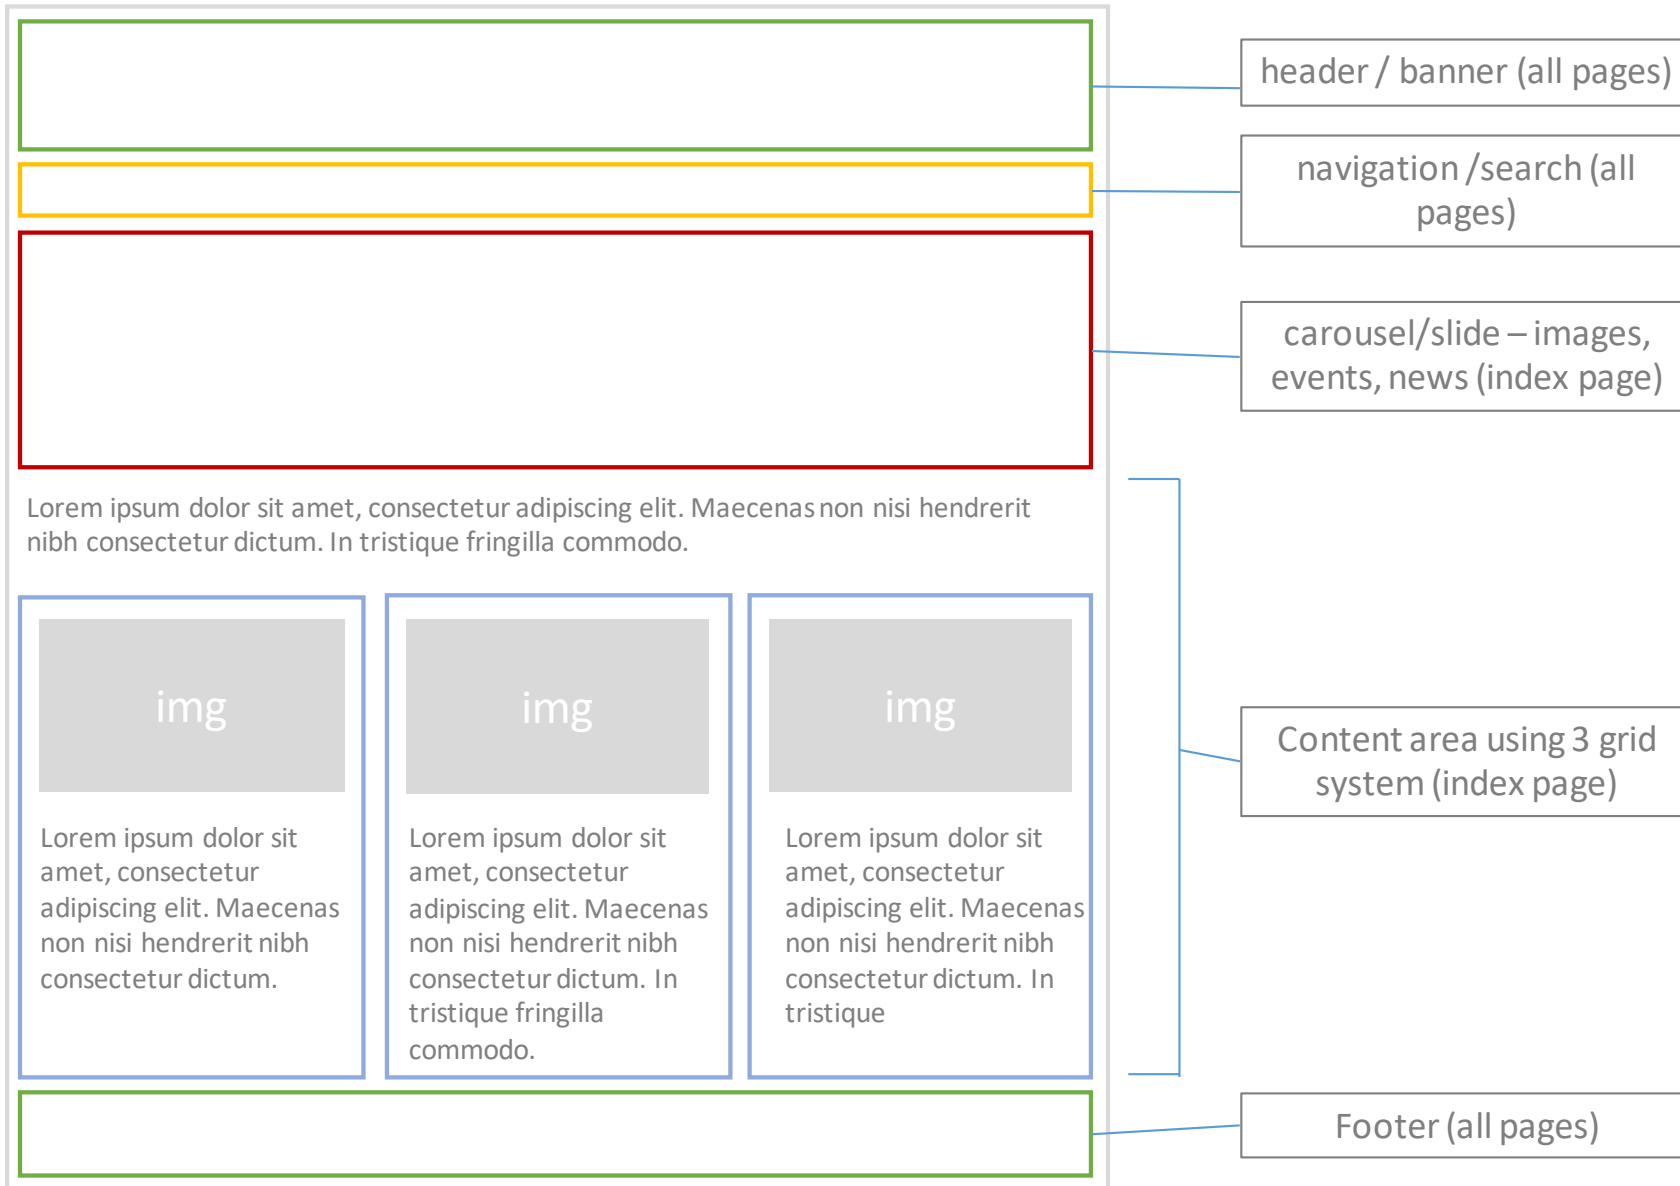

- **Montserrat Font** – This font will be used for titles and headings
- Open Sans - will be default for all other text and paragraphs

## Layout

Layout will use responsive grid system, possibly Bootstrap or other throughout all pages. Header, Navigation/search and footer will be reused on all pages. Navigation/search will be always visible or fixed at the top.
